Odds and Ends, Volume 12

With Monster Grin's Odds & Ends token packs, it might sometimes be random, but it's always gonna be awesome! Take these 154 unique, artfully designed and detailed figures from across genre and time for instance! If you're looking to add some variation to your game or to your party, be sure and pick up these tokens, which include some stunning characters and creatures that would fit in any fantasy, grimdark, or darksouls-type game: human witches, plague doctors, knights, and skeletal hordes and more!

Utilize Monster Grin's Token Halo System to create different types of teams (red, gold, green, black, silver, or blue), or even different levels of the same kind of creature (i.e. boss, high, medium, or low level) to help keep track of what's what and who's who. Also, with Monster Grin's new Altered States tokens, you can get maximum value from each and every token in this pack and really add that special something to your game!

This token pack includes (ringed in black, blue, gold, green, greyscale, and silver, as well as ethereal, invisible, stone-skinned, sand-skinned, and altered state versions):

- Female Human Witch

- Knight

- Plague Doctor

- Undead Lich Lord

- Lich Dog

- Undead Soldier

- Undead Brute
